HICL Audit Committee – Terms of Reference: Appendix 1

HICL Audit Committee – Non-Audit Services policy

Introduction

The following policy applies to the engagement of HICL’s External Auditor to supply non-audit services to HICL and its subsidiaries (the “HICL Group”). Its objective is to mitigate any risks that threaten the External Auditor’s independence and objectivity, arising through the provision of non-audit services.

This policy is in line with the recommendations set out in the FRC’s Guidance on Audit Committees (2016) and the requirements of the FRC’s Revised Ethical Standard (2016). In line with these recommendations and requirements, an external audit firm is only appointed to perform a service when doing so would be consistent with both the requirements and overarching principles of the Ethical Standard, and when its skills and experience make it the most suitable supplier.

In addition, the Ethical Standard requires an assessment of whether it is probable that an objective, reasonable and informed third party would conclude independence is not compromised.

The Audit Committee will review the policy on an annual basis.

Approval

Audit Committee approval is not required for those services categorised as ‘Permitted audit and audit related services’ where the fee is less than £20,000. These will be reported after the event to the Audit Committee.

For all other audit related and non-audit services engagements, Audit Committee approval must be obtained on a case by case basis, prior to engaging the External Auditor.

In accordance with the FRC’s Guidance on Audit Committees (2016), when reviewing requests for non-audit services that are not in the ‘Prohibited non-audit services’ list, the Audit Committee will assess:

- Whether the provision of such services impairs the External Auditor’s independence or objectivity and any safeguards in place to eliminate or reduce such threats
- The nature of the non-audit services
- Whether the skills and experience make the External Auditor the most suitable supplier of the non-audit service
- The fee to be incurred for non-audit services, both for individual non-audit services and in aggregate, relative to the total audit fee; and
- The criteria which govern the compensation of the individuals performing the audit

Permitted audit and audit related services

Audit related services are the services listed below, excluding the statutory audit of HICL and its subsidiaries, that are largely carried out by members of the audit engagement team, and where the work involved is closely related to the work performed in the audit and the threats to External Auditor independence are clearly insignificant. Such services are still subject to the 70% cap and the approval requirements set out in this policy.

- Statutory audit of HICL’s financial statements
- Statutory audits of the financial statements of subsidiary companies
- Review of the HICL’s half-year report and interim financial statements
- Other permitted audit related services

In addition, other non-audit services may be engaged where:

- They are closely related to the work performed in the external audit process and are largely carried out by members of the audit team; or
- For reasons of effectiveness or efficiency, it is advantageous to use the External Auditors because of their knowledge and expertise.

Permitted other non-audit services

Audit Committee approval must be obtained before engaging the External Auditors to provide any of the following other non-audit services;

- Due diligence related to mergers and acquisitions
- Investment circular reporting accountant engagements, including comfort letters and consents in relation to documents issued in connection with securities offerings
- Other non-audit services not prohibited by the Ethical Standard

Prohibited non-audit services

Under this policy, the following non-audit services are prohibited from being provided by HICL's External Auditor;

- Tax services relating to:
 - Payroll tax
 - Customs duties
- Services that involve playing a part in the management or decision-making of the audited entity

- Services linked to the financing, capital structure and allocation, and investment strategy of the audited entity, except providing assurance services in relation to the financial statements, such as the issuing of comfort letters in connection with prospectuses issued by the audited entity
- Promoting, dealing in, or underwriting shares in the audited entity
- Human resources services with respect to:
 - Management able to exert significant influence over the preparation of the accounting records or financial statements which are the subject of the statutory audit, where such services involve:
 - Searching for or seeking out candidates for such positions; or
 - Undertaking reference checks of candidates for such positions.
 - Structuring the organisation design
 - Cost control

The following non-audit services are permitted under derogation where approved by HICL's Audit Committee and where the applicable conditions are satisfied;

- Tax services relating to:
 - Preparation of tax forms
 - Identification of public subsidies and tax incentives unless support from the audit firm in respect of such services is required by law
 - Support regarding tax inspections by tax authorities unless support from the statutory auditor or audit firm in respect of such inspections is required by law
 - Calculation of direct and indirect tax and deferred tax
 - Provision of tax advice

- Valuation services, including valuations performed in connection with actuarial services or litigation support services

The application conditions are;

1. They have no direct or, in the view of an objective, reasonable and informed third party, would have an inconsequential effect, separately or in aggregate, on the audited financial statements;
2. The estimation of the effect on the financial statements is comprehensively documented and explained in a report to the audit committee (including consideration of the principles of independence set out in the Ethical Standard); and;
3. For the purposes of the statutory audit of the financial statements, the audit firm would not place significant reliance on the work performed by the audit firm in performing these services.

The following non-audit service is prohibited in the financial year prior to the year subject to audit;

- Designing and implementing internal control or risk management procedures related to the preparation and/or control of financial information or designing and implementing financial information technology systems

Fees

Any arrangement with the External Auditor that includes contingent fee arrangements is not permitted.

In addition, the total fees for non-audit services provided by the External Auditor to the HICL Group shall be limited to no more than 70% of the average of the statutory audit fee for the Company and of its controlled undertakings paid to the External Auditor in the last three consecutive financial years commencing on 1 April 2017.

Confirmation of independence

The Audit Committee will seek annually, from the External Auditor, information about policies and processes for maintaining independence and monitoring compliance with relevant requirements, including those regarding the rotation of audit partners and staff.
